

Policy for Enrolling a Child with Life-threatening Allergies

Children with life threatening allergies, such as allergies to bee stings, peanut products, dairy, etc., may be at risk of a serious allergic reaction while participating in an ACES Education program due to contact with, or ingestion of the allergen. ACES Education cannot guarantee an allergen free environment, but with your cooperation we can create a safer environment and be better prepared to handle emergencies. ACES Education will make reasonable, feasible, and practical accommodations to allow children with life-threatening allergies to participate in our programs. We recommend that the parent or guardian provides the following forms and information to ACES Education before registering their child for a program.

Reasonable Time...

A period of at least **seven days** from the time of first enrollment until the child's first day of attendance is required to allow ACES Education staff time to make accommodations and to train appropriate staff. Additional enrollments throughout the year require a Confirmation of Correct Information to be signed.

Authorization...

ACES Education's "Authorization for Treatment" and "Authorization to Administer Medication" forms must be filled out and signed by the child's parent/guardian and the child's physician. These authorizations must be updated every 12 months or sooner if the information changes. These forms will provide ACES Education with the information to provide a safer environment and to be better prepared to handle emergencies. The parent/guardian shall also provide any additional physician's orders and procedural guidelines relating to the prevention and treatment of the child's allergy.

Waiver...

A signed copy of ACES Education's "**Release and Waiver of Liability for Administering Emergency Treatment to Children with Life Threatening Allergies**" must be provided at the time of registration. The Waiver releases ACES Education and its employees from liability for administering treatment to children with life threatening allergies, including the administration of epinephrine, and taking any other necessary actions set forth in the Authorization Forms, provided that ACES Education exercises reasonable care in taking such actions. A child with a life threatening allergy will not be allowed to participate in an ACES Education program until the parent or guardian signs the Waiver of Liability for Administering Emergency Treatment to Children with Threatening Allergies.

Medication...

All **equipment and medications** needed by ACES Education to comply with the instructions set forth in the authorization forms must be provided prior to the child attending an ACES Education program. The parent/guardian is responsible to provide medication that is properly labeled by a pharmacist, in its original container, and replaced prior to the expiration date.

Training for Emergency Treatment...

Prior to the child's first day of attendance, the **parent/guardian/designee is responsible for training** selected members of the ACES Education staff, including but not limited to the Policy Administrator, the Program Supervisor, and the child's teacher on the following:

- Nature of the child's allergy
- Events/substances that may trigger allergic reaction
- Limitations on the child's food consumption
- Symptoms of an allergic reaction
- When and how to administer treatment for an allergic reaction

All ACES Education staff that may have contact with the child will be trained to know:

- Nature of the child's allergy
- Symptoms of an allergic reaction

Authorization for Treatment Of Children with Life-threatening Allergies

If treatment includes the administration of epinephrine or any other prescription medication, this form must be completed and signed by the child's physician.

Child's Name _____ Child's Birth Date _____

Allergens: Provide a list of all substances and/or events that may trigger an allergic reaction in this child.

How the allergy is triggered? Airborne____ Touch____ Ingestion____

Step 1 . . . Treatment

Symptoms: Check boxes next to symptoms that may occur

- If a food allergen has been ingested, but no symptoms:
- Mouth Itching, tingling, or swelling of lips, tongue, mouth
- Skin Hives, itchy rash, swelling of the face or extremities

- Other _____
- If reaction is progressing, several of the above areas affected:

*Give Checked Medication

To be determined by physician authorizing treatment.

- Epinephrine Antihistamine
- Epinephrine Antihistamine
- Epinephrine Antihistamine
- Epinephrine Antihistamine
- Epinephrine Antihistamine
- Epinephrine Antihistamine
- Epinephrine Antihistamine
- Epinephrine Antihistamine
- Epinephrine Antihistamine

Do not hesitate to medicate or transport a child to a medical facility even if parent/guardian cannot be reached.

Dosage:

Epinephrine: Inject intramuscularly: (circle one) EpiPen EpiPen Jr. Twinject 0.3 mg Twinject 0.15 mg

Antihistamine: Medication/dose/route _____

Other: Medication/dose/route _____

Step 2 . . . Call 911 State that an allergic reaction has been treated.

Then call:

Mother's Name: _____ Phone: _____

Father's Name: _____ Phone: _____

#1 Emergency Contact: _____ Phone: _____

#2 Emergency Contact: _____ Phone: _____

Child's Physician

Name: _____ Phone: _____

Address: _____ Alt. Phone: _____

Physician Signature _____ Date: _____

Parent/Guardian Authorization

By signing this form, I authorize ACES Education to follow the instructions as stated above in this Authorization Form. I agree to update this form if my child's needs change.

Signature _____ Date _____

Release and Waiver of Liability for Administering Emergency Treatment to Children with Life Threatening Allergies

This is a release and waiver of liability for administering emergency treatment to children with life threatening allergies (hereinafter, referred to as the "Release") made this day _____, 20____, by and between ACES Education and

Parent/Guardian _____

Address _____

Parent/Guardian of _____

Whereas, the parent/guardian has engaged ACES Education to provide academic services for (child's name) _____

Whereas, ACES Education has been requested by the Parent/Guardian to administer emergency treatment to the child during certain emergency situations when the child has come in contact with an allergen as prescribed in writing on the child's "Authorization for Emergency Care of Children With Life Threatening Allergies: all in accordance with and subject to ACES Education's policy for administering emergency treatment to children with life threatening allergies.

Now, therefore, the parties hereto hereby agree as follows:

Parent/Guardian hereby releases and forever discharges ACES Education and its employees and/or agents from any and all liability arising in law or equity as a result of ACES Education's employees or agents administering epinephrine and providing other emergency care in conformance with the child's "Authorization for Emergency Care of Children with Life Threatening Allergies" (hereinafter referred to as the "Authorization"), provided that ACES Education has used reasonable care in administering epinephrine and in providing other authorized care in accordance with the Authorization.

This Release supersedes and replaces all prior negotiations and all agreements proposed or otherwise, whether written or oral, concerning all subject matters covered herein. This instrument, along with the Authorization, which is hereby incorporated by reference, constitutes the entire agreement among the parties with respect to the subject matters discussed herein.

The reference in this Release to ACES Education shall include ACES Education, its affiliates, directors, officers, employees, and representatives. The terms Parent/Guardian shall include the dependents, heirs, executors, administrators, assigns, and successors or each.

If one or more of the provisions of this Release shall for any reason be held invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect or impair any other provision of the Release. This Release shall be construed as if such invalid, illegal or unenforceable provisions had not been contained herein.
